The presentations themselves were wonderful with Graphene, the Fire retardancy presentations, and the first presentation at Chemsource from a Chinese company attracting very large audiences to the purpose built 75 seater lecture theatre on the exhibition floor. The organisation ran without a hitch apart from the IT at the beginning of Day 2 but our dedicated technician managed to sort that in 15 minutes. The feedback forms were very complementary about the symposium. All costs plus a Chemsource franchise fee were recovered from Mack Brooks, the organiser of ChemSpec Europe.
