Diversity & Inclusion

Please ensure this section is completed

Our trustees are aiming to embed diversity and inclusion in all of our activities and networks. Section 8 of our [online network handbook](#) contains more information to support our networks in achieving this and our Diversity team have [online Guides for Networks](#) that include actions and considerations for committees, and guides for inclusive communications and running inclusive events.

Please comment on how your group is showing that it has embraced Diversity and Inclusion within its practices. If you have diversity data from your events or activities, please include this information above.

Committee represents a range of employment sectors (academia and industry); geographic distribution; career stage (early to late); and gender (note that only 16% of the wider membership are female)

Where possible statistics are, from now on, being collected to identify the diversity of attendees at SURCAT organised meetings

AGM is held in a central location and at a major catalysis event to allow as many members as possible to attend

Other committee meetings will be held in a different location to encourage the widest possible attendance
