

As we return to some in-person events, we recommend that before attending the event you have been fully vaccinated against Covid-19 at least 14 days prior to arrival or have received the results of a PCR or rapid lateral flow test (LFD) within 24 hours of the start of the event

- Depending on the policy of the venue or location, you may be asked to show proof of your Covid vaccination status or proof of a negative test upon arrival; if this is the case, delegates will be advised before the event, usually via the event website and in the delegate joining instructions issued in advance
- While at the event, please consider other attendees' personal space and, in spaces where it is possible to do so, try to remain two meters from other attendees
- We ask that all attendees continue to wear masks in indoor spaces, apart from when eating and drinking, even if it is not legally required (unless you have an exemption)
